Save peace and humanity

Peace peace peace

We call for peace

We need only peace in the world

Save save save

Humanity we save

We save humanity in the world

We need only peace in the world

We save humanity in the world

No,no war! We don't need war

We don't like war in the world

Love love love, for all only love

We belong love for the world

We need only peace in the world

We save humanity in the world

Please! Stand for me. I am not enemy

I have capt you in the heart

Let's fly in the wide Sky

With the peace rhyme of the fling bird.

We need only peace in the world

We save humanity in the world

March march march, let's march!

For the welfare of every yard

Rise rise rise, for own right rise.

Stand out now as save Guard

We need only peace in the world

We save humanity in the world!

HERE ARE SOME OF THE FUNDAMENTAL OBJECTIVES OF THIS ERASMUS:

- Reduce prejudices and resentments between German teenagers and migrants via communication and interaction between the groups.

- Migrants get to know the culture of their host country better.

- More interaction between native and non-native teenagers at school but also in their free time; ideally friendships between members of different groups.

- Being more open minded concerning foreign cultures.

- Enhance intercultural awareness .
